

75 YEARS - ANNIVERSARY!

April 7, 2021 Chairman of the Board – Rector of the NJSC L.N. Gumilyov Eurasian National University, Academician of NAS RK Sydykov Erlan Battashevich at the meeting of the Academic Council congratulated the professor of the Department of Space Engineering and Technology of the Faculty of Physics and Technology Kassymov Umirzak Tazhigaliyevich on his 75th birthday and presented the Gumilyov medal of the L.N. Gumilyov Eurasian National University.

Kassymov U.T. was born on February 13, 1946 in the city of Dzhambul, after graduating from school with honors he entered the N.E. Bauman Moscow State Technical University with a degree in Rocket Launch Complex. Already in those student years, he participated in scientific work in the design development of operational-tactical and cruise missile systems of the Soviet Union and established himself as a young scientist. Student of Academician V.P. Barmin, the creator of all the cosmodromes in the USSR. Then he graduated from graduate school, defended his candidate's and doctoral dissertations.

Demonstrates knowledge and skills in solving tasks set by the Head of State. During the leadership of the Department of Space Engineering and Technology, it was possible to establish creative ties with JSC NC «Kazakhstan Gharysh Sapary», the International Space School in the city of Baikonur, as well as gain access to the Baikonur cosmodrome. In 2014, he signed a memorandum of cooperation with the Institute of Aviation and Cosmonautics of the Berlin Technical University and became the coordinator of the international educational project «TEMPUS – SESREMO».

Until now, he is a member of the Scientific and Technical Council of JSC NC «Kazakhstan Gharaysh Sapary» and the Aerospace Committee of the Republic of Kazakhstan. Speaks at international conferences, symposia, is actively involved in scientific and technical projects. Under the leadership of Umirzak Tazhigaliyevich, a large group of qualified specialists and outstanding scientists of the country was formed, who are in the management system of our Republic.

Chairman of the Board-Rector of the NJSC LN Gumilyov Eurasian National University Umirzak Tazhigaliyevich wished that the Kazakh country, including Almaty, Astana, Zhambyl, would never forget that human goals, dreams and desires set in it would come true and please our descendants. Abyz-aksakal, with a sensitive heart, with great dignity, tirelessly, Happy 75th anniversary. He wished him good health, family well-being, happiness in life, creative success, long life.
