

Within the framework of the decade of science, students, undergraduates and teaching staff of the Department of "space technology and technologies" of ENU named after L. N. Gumilyov held meetings with the deputy chairman of the board of Joint Stock Company "RCSC" Shokan Galikhanovich Svoguzov and the leading design engineer of LLP "Galam", doctor of physical and Mathematical Sciences K. S. Baktybekov.

During the meeting, K. S. Baktybekov made a report on the activities of "Galam" LLP, on the directions and main divisions of their activities. K. S. Baktybekov also spoke in detail about the personnel issue, which was of great interest to students and undergraduates of the Department.

Deputy chairman of the board of JSC " RCSC " Chokan Galikhanovich Svoguzov spoke about the activities of JSC "Republican Center for space communications". In addition, they were shown a video about the kazsat-2 and KazSat-3 satellite. He answered the questions of undergraduates and students about space communications in Kazakhstan and further employment in RSC JSC.

At the end of the meeting the head of the Department" Space Engineering and technologies " Ashurov Abdikul Ermulovich thanked the guests for their interesting reports and shared their time.
